## **A Husky Dream in Swedish Lapland – spend a week with the husky of your choice...**

You love to be active in the beautiful nature and still would like to enjoy a little bit of luxury? Then you are very welcome in our charming Lodge to enjoy one week with daily interesting activities.

You will get your own husky during your holiday, which you can feed, train, learn, pet and spoil. He is totally yours, and will become your best friend during this week full of husky-based activities. Together with your four-legged friend you will discover the snowy forests of Swedish Lapland by using skis, snowshoes, dogsled, pulka, kick-sledge...

An active program for people who have a heart for dogs and would like to get this touch with nature again, through working with animals!

- Visit of the world famous Icehotel
- Snowshoes and skis for free use
- Warm thermic overalls, boots, hats and mittens

## Activity Program

### Arrival to Lappeasuando

Transfer from the airport to Lappeasuando. Check in to the rooms in Lappeasuando Lodge. All our guests will be provided with very warm clothing. In this way we reduce strongly the costs for a holiday to Lapland. Welcome and information together with the hosts. Depending on arrival time, there will be time to experience for the first time sauna!

### Introduction in the world of the huskies and first excursion

Our guide will explain you the basic about dog behavior, so you can understand better what your dog is telling you, or what he is telling to his other furry friends. Why do huskies remind us more of wolves than a Labrador, and why are they able to pull a sledge ?

Afterword we go together with the guide into the dogyard. There you will meet our dogs and everybody can choose his own husky for the next week.

Then you go out for a walk with our four-legged friends. They will show us the way through the snow!

### Kick-sledge tour with our lovely huskies + massage

With the traditional Swedish kick-sledges and our best friend in front we take off for a tour across prepared trails in our close wilderness. You will work together with your husky so you make it to a beautiful place where we stop and relax on an open fire. Here you can grill a sausage for you and your friend. An unforgettable experience with a lot of fun!

Just like humans, dogs can be stiff after a hard working day. Our guide will tell us more about Shiatsu-treatments (a kind of massage) by dogs. And yes, they like it as much as we do!

### Husky safari to the Kaitum nature reserve

After feeding and cleaning our dogs we will get an introduction how to drive a dogsledge. Our guide will explain us all we need to enjoy an exciting ride with a husky team. Two guests share a sled. One person is standing on the sled, one person is sitting in the sled. Both will have the chance to get the feeling of driving as we change positions several times on the way. Off course our privat dog and best friend will join us in the team, and will help us to pull the sledge. We enjoy our tour through the Kaitum nature reserve, an untouched very beautiful area. During the tour we will have a lunch on an open fire before we continue our trip back to the Lodge. Duration of the tour approx. 4 – 5 hours.

### Snowshoe tour and skiing, pulled by our husky, on the traces of animals

After breakfast buffet we start to explore the surrounding of our Lodge. There are snowshoes and skis available. In deep snow our husky can help us to move faster with our snowshoes. We marvel the beautiful snowy trees in the forest, listen to the snow under our shoes while discovering the great riverland, swamps and lakes. Later in the season we already will hear the first birds singing...

Further there is the possibility to put a pair of skis on, and let you pull by your husky along the trails. Absolute fun and pleasure!! And yes, it can go hard !

Lunch in the Lodge after return. In the afternoon we pack our stuff into a pulka (small sled) which is pulled by our dog. We take everything with, to have a cozy evening in our Wilderness Camp, far away from civilization.

### Overnight in a luxury wilderness camp

It's a cozy and rustic Camp situated very beautiful on the riverbank of Kalix. We reach the camp by own force, on snowshoes or skis, and with the help from our husky who pulls the pulka. Coffee and typical Swedish sweets will be served in the wilderness restaurant before we all together start to prepare the camp for having sauna and staying overnight. Later we relax our muscles from the today's action and enjoy the very original wooden heated sauna. Hungry we will enjoy a nice dinner, prepared by our guide in the wilderness restaurant. Overnight in 2 – 5 persons Wilderness huts.

### Snowshoe/ski tour back to the Lodge + alternative afternoon

After breakfast we will put our snowshoes or skis back on, pack the pulka and harness our friend for a walk from the Wilderness Camp back to the Lodge.

After lunch there is the possibility to make an extra activity (to book on spot), like for example an extra husky tour, a snowmobile tour, iceholefishing, ... Off course you can also make another tour with your friend on snowshoes or skis, or you can just relax in our sauna while having a beer.

### Departure – Icehotel visit Jukkasjärvi

After the breakfast we start to go back to the direction of Kiruna. Short before the airport, we turn off the main road to the village Jukkasjärvi, where the world famous Icehotel is located. Every room is decorated by another artist, sculptured in ice and snow. Our visit there will stay in your mind for a long time! Have a good trip back home...
